Disney week!

Disney Week was an absolute hit!

We are not sure who had more fun dressing up, the children or the staff!

There was a whole heap of amazing colouring in competition entries, well done guys! Winners for the colouring competition and best dressed have been notified via email.

A huge thank you to everyone who embraced Disney week and all the magical fun!

Swim Instructor, Lora won the staff best dressed, she had a different outfit every day!

Home Portal Vs Connect – Payment method

There is always some confusion around these two different ways of paying for your lessons so I thought I would try and clarify the differences.

When you are getting low on sessions remaining and want to top up/add more lessons, you can do so on HomePortal.

If you have made a brand new booking with us via email, over the phone or you're booking back in after you've been 'kicked out' of your class, you do not need to top up/add more on HomePortal until you start getting the reminder emails to do so.

Keep an eye out for an email from eanetworkschool@adc.govt.nz with online payment details after bookings made via email or over the phone.
